Mr. Scott A. Chester

6 N.E. 89th Street

El Portal, FL. 33138

Dear Mr. Chester:

Until recently few people knew of the existence of historical sites in Dade County. In fact, not many people thought of our community as having a history at all. In the past few years, as a result of a historic sites survey completed in 1981, we have come to realize the rich, even though recent heritage of Dade County. We are now beginning the process of recognizing these historical sites and cultivating the awareness and pride in their past that older cities have enjoyed for years.

Your property, the El Portal House, located at 6 N.E. 89th Street, has been identified as being of historical significance and is now being considered for designation as an historic site. In 1981, the Metropolitan Dade County Board of County Commissioners took action to recognize sites of local significance and protect them for the benefit of the community in general, while safeguarding the rights of the individual property owner, by adopting the Metro-Dade Historic Preservation Ordinance (81-13). According to this ordinance, the Dade County Historic Preservation Board has the authority to designate properties as historic sites, districts or archeological zones. This letter is to advise you that the Historic Preservation Board will be considering the historic site designation of the above mentioned property at a public hearing.

's a requirement of the designation process the enclosed designation report has been filed in our office initiating a moratorium prohibiting the issuance of any building and zoning permits until a public hearing has been held to consider the designation of this historic site. The Historic Preservation Board's consideration of the designation of the El Portal House has been scheduled for January 27, 1983, 4:00 p.m., at the Biscayne Park Village Hall, 640 N.E. 114th Street. Ten days prior to the public hearing you will receive notice confirming the exact time and location of the hearing. Should you be in the process of obtaining a building and zoning permit and this moratorium will delay your plans, we urge you to contact our office.

The intention of an Historic Preservation Board designation is threefold: first, to recognize historic buildings, sites and structures for their historic role in Dade County's rich heritage; second, to protect designated buildings, sites and structures from unsympathetic renovation or needless demolition, and; third, to promote the reuse and preservation of historic buildings.

Our work cannot be successful without your cooperation and full understanding of the implications of this historic site designation. The enclosed designation report and supplementary information has been prepared by the staff of the Metro-Dade Office of Community and Economic Development, Historic Preservation Division, which is staff for the Historic Preservation Board.

We encourage you to contact our staff so we may clarify any questions you may have regarding this letter, the proposed designation of your property or any other concerns.

Mr. Eric D. Lefkowitz  
268 N.E. 85th Street  
El Portal, FL. 33138

Dear Mr. Lefkowitz:

As a result of a three year inventory of Dade County's historic sites by the Metro-Dade Historic Preservation Division, your property in Section 7, T. 53 S., R. 42 E. within the Sherwood Forest Subdivision, has been determined to be archeologically significant. This property is now being considered for designation as an archeological zone.

It is the intention of this archeological zone designation to provide for the monitoring of any proposed subsurface construction or excavations within this zone by an archeologist so that significant artifacts or features can be recorded and removed before destruction. This proposed designation will in no way seek to obstruct or deny any proposed improvements or maintenance to your property.

In 1981, the Metropolitan Dade County Board of County Commissioners adopted the Metro-Dade Historic Preservation Ordinance (Chapter 16A of the County Code). According to this ordinance, the Dade County Historic Preservation Board has the authority to designate properties as historic sites, districts or archeological zones. This letter, and the enclosed designation report, is to inform you that the Historic Preservation Board is considering designation of the El Portal Archeological Zone in Section 7, T. 53 S., R. 42 E. within the Sherwood Forest Subdivision as an archeological zone. The enclosed designation report will be presented at a public hearing which is tentatively scheduled for February 24, 1983, at 4:30 p.m.

As a requirement of the designation process, the enclosed designation report has been filed in our office initiating a moratorium prohibiting the issuance of any building and zoning permits until a public hearing has been held to consider the designation of this archeological zone. The designation of the El Portal Archeological Zone has been scheduled for February 24, 1983, at 4:30 p.m. at the El Portal Village Hall, 500 N.E. 87th Street, El Portal. Ten days prior to the public hearing you will receive notice confirming the exact time and location of the hearing. Should you be in the process of obtaining a building and zoning permit and this moratorium will delay your plans, we urge you to contact our office immediately.

Upon the designation of your property, any proposed excavations, clearing, or construction that includes subsurface excavations, will only be authorized by the issuance of a Certificate to Dig, in addition to the other required permits. You or your contractor can apply for a Certificate to Dig from the staff archeologist of the Metro-Dade Historic Preservation Division.

The enclosed designation report has been prepared by the staff of the Metro-Dade County Office of Community and Economic Development, Historic Preservation Division which is staff for the Historic Preservation Board. Should you have any questions concerning this letter, the designation report, or the Preservation Board in general, you are encouraged to contact our office.

I will be available at the Village Council meeting on February 8, 1983, at 8:00 p.m. to provide a presentation and answer questions about the proposed archeological zone and the early history of El Portal.

Dear Mr. Chester:

We are pleased to inform you that on January 27, 1983, the Metropolitan Dade County Historic Preservation Board designated the El Portal House at 6 N.E. 89th Street as an historic site, thereby, recognizing your property as a significant part of our county's heritage. According to the Preservation Ordinance (81-13), any work that will require a permit of any kind will first require a Certificate of Appropriateness from this office to insure the preservation of the historic or architectural resource on your property. To facilitate this process, we suggest that you contact us at the outset of any project that may require a permit to insure expeditious processing according to the preservation ordinance.

Designated properties also qualify for benefits from the Interest Write Down Program, the 1981 Tax Reform Act and the South Florida Building Code Amendment for historic buildings. Enclosed is a brochure with a brief explanation of these programs and a list of local, state and national preservation organizations which you may wish to contact for information regarding historic preservation. Also enclosed you will find a copy of the official resolution designating your property.

The Metro-Dade Office of Community and Economic Development, Historic Preservation Division, is staff for the Preservation Board. Should you have any questions regarding designation, the Preservation Ordinance or need advice on any renovation or restoration projects, please contact our office at your earliest convenience.

Dear Mr. Diaz:

We are pleased to inform you that on March 24, 1983, the Metropolitan Dade County Historic Preservation Board designated the West Kendall Site in Section 20, T. 54 S., R. 39 E., as an historic site, thereby, recognizing your property as a significant part of our county's heritage. According to the Preservation Ordinance (81-13), any work that will require a permit of any kind will first require a Certificate of Appropriateness from this office to insure the preservation and/or recording of the archeological resource on your property. To facilitate this process, we suggest that you contact us at the outset of any project that may require a permit to insure expeditious processing according to the preservation ordinance. Enclosed you will find a copy of the official resolution designating the property.

The Metro-Dade Office of Community and Economic Development, Historic Preservation Division, is staff for the Preservation Board. Should you have any questions regarding the designation, the Preservation Ordinance or need advice on how to obtain a Certificate of Appropriateness, please contact our office at your earliest convenience.

Sincerely,

*Robert S. Carr*

Dear Mr. Lefkowitz:

On February 24, 1983, the Metropolitan Dade County Historic Preservation Board designated the El Portal Archeological Zone in Section 7, T. 53 S., R. 42 E. within the Sherwood Forest Subdivision, as an archeological zone pursuant to the Dade County Historic Preservation Ordinance (81-13). According to this ordinance "within an archeological zone, new construction, filling, digging, the removal of trees or any other activity that may alter or reveal an interred archeological site shall be prohibited without a Certificate to Dig. All applications to appropriate municipal or county agencies involving new construction, large scale digging, the removal of trees or any other activity that may reveal or disturb an interred archeological site in an archeological zone shall require a Certificate to Dig before approval."

The Metro-Dade Office of Community and Economic Development, Historic Preservation Division, is staff for the Historic Preservation Board and is currently responsible for the enforcement of the Historic Preservation Ordinance and carrying out the directives of the Historic Preservation Board. Pursuant to the Historic Preservation Ordinance we are notifying you of the above designation and enclosing a copy of the official resolution of the board designating the property.

Should you have any questions or concerns about this designation or the Historic Preservation Ordinance in general, please feel free to contact us at your convenience.

Sincerely,

*Robert S. Carr*
